

Dear Nikki,

the local amateur radio operators are organising for the upcoming International Lighthouse & Lightship Weekend. If you can provide it with some publicity that would be greatly appreciated.

AMR Mail

Below please find some information regarding an activity taking place at the Cape Leeuwin and Cape Naturaliste lighthouses over the weekend August 17-18, 2024, to mark the International Lighthouse & Lightship Weekend (ILLW). As this may be of interest to your readership, I am seeking your assistance to publish the information in the edition of the Mail which circulates the previous week to August 17-18. (If space is at a premium, we would appreciate even the first paragraph only being published!) .

I have put full information at :- <https://capetocape.info/ar/> .

and I have placed the Media Release at :-

https://capetocape.info/ar/media_release/ .

Many Thanks

Yours Sincerely

Kim Lyon
